LICENSE COURT FOR 1921.

Five Licenses Granted, One-fifth of 1919 and One-third of 1920.

On last Friday President Judge D. P. McPherson and Associate Judges W. Howard Dicks and E. P. Miller, held the annual license court. At the court in 1919 there were 27 applications. At the court in 1920 there were 15 applications and at the court in 1921 the number of applications had fallen to 7. Applications are made because of the view that it may be legally decided that only licensed dealers can sell vinous, spirituous and malt liquors having one half of one per cent alcoholic content. But five of the applications were granted by the court, as follows: To Henry Scharf, manager of Hotel Gettysburg, and to Peter M. Bruner for the City Hotel, Gettysburg. To Joseph H. Krug, for the Willard Hotel, Littlestown; to Robert Godfrey, for the Ocker House, Littlestown, and to George F. Grove, for the New Oxford Hotel.

License asked for by Theodore Kimple for the Gettysburg Bottling Works, and by Charles R. Altland, for the Altland House, Abbottstown, were continued, the court intimating that these licenses would be refused unless cause could be shown otherwise. The licensees have been paying the license money in monthly installments and the court said that the records of the County Treasurer's Office showing that the Bottling Works had not paid for but six or seven months of the past year, that that fact would be held by the court as sufficient to show no necessity.

As to the Altland license the court said unless Charles Altland came into court and explained fully all the circumstances of the theft of the whiskey at his place and the facts as presented would show that he was not at fault, there could be no license granted. If decision was not to make any explanation the license would fall.

Milton Null, a resident of Carroll county, Md., plead guilty to the charge of operating a motor vehicle while under the influence of liquor, and the court sentenced him to pay a fine of \$100 and the costs. He was arrested at Fairfield by the State Police.

Collins Case Not Decided.

The State Board of Pardons heard the application of Clarence Collins on Tuesday, for a commutation of the death sentence to imprisonment for life. The hearing of the Collins case was taken up shortly after nine o'clock in the morning by Hon. Geo. J. Benner. He called attention to the fact that Collins was but 20 years old and was 18 when the murder was committed, and that he believed Collins was influenced by the unnatural conditions existing here by reason of Camp Colt and would never have murdered George Bushman under ordinary circumstances.

District Attorney Raymond F. Tonper briefly recalled the crime and the cold blooded way Collins and Reinecker had plotted their crime and that the conviction of the murderers in the first degree had been upheld by the Supreme Court on appeal.

The Board of Pardons on Wednesday announced eight applications made to them recommended and 15 refused and in the Collins case announced it was held over for study. This will result in an extension of the time of electrocution for at least thirty days.

May Locate Training Camp Here.

Major M. Crawford from the Third Army Corps at Fort Howard met the Chamber of Commerce last week and presented the information that he had been sent to Frederick and Gettysburg for the purpose of making recommendations to the commanding officer of the Corps as to which town could offer the most suitable site for a permanent Reserve Officers' Training Corps camp. The Major visited Frederick Tuesday and Wednesday then came to Gettysburg and after a tour of inspection returned to Fort Howard where he will prepare the report that will be submitted to the commanding general.

It is the plan of the Third Corps to establish a permanent summer camp for student officers in this section. Between 750 and 1,000 students from the thirty four educational institutions in the area, comprising Pennsylvania, Maryland, Virginia and the District of Columbia, will come to the camp selected for six weeks' course of training. An officers' school for two weeks will follow the school for students. The Major pointed out that several companies of regular troops would also be detailed at the camp.

Information concerning possible camp sites, drainage, electric current, water and food supplies and recreation facilities, including playgrounds, athletic fields and bathing accommodations were presented to the officer by the Chamber of Commerce. The camp that will house the student officers will be under canvas and will cover about twenty-five acres. The college and preparatory school men in the advanced military training course, who are required to attend the school, will arrive at the camp the latter part of June and continue their studies for six weeks.

Major Crawford seemed to be impressed with the location of the camp on battlefield that would be studied by students of military tactics. Also that the Gettysburg battlefield would be a drawing card in getting students to come who are not required by the War Department.

After completing the ransacking of house he threatened to kill her if she phoned for help. A half hour later word was phoned to Biglerville and the father found and hastened home. More Paved Streets.

Lewis S. Sadler, State Highway Commissioner has given assurance that the contract for the paving of Carlisle and Baltimore Streets will be given out early this year. The Highway Committee at the last meeting of the Town Council had been authorized to ascertain the intentions of Highway Commissioner Sadler. In seeking an interview with him, the councilmen were informed that such action was unnecessary as it had been determined to include the Gettysburg Street at one of the first lettings for bids. The citizens of Gettysburg by a vote of over 90 to 28 had decided in favor of an indebtedness for the paving of Carlisle and Baltimore Street and the assurance received from Commissioner Sadler makes certain that the main thoroughfares will be paved highways in 1921.

The State Highway Department, Pennsylvania, will pay for a permanent roadway, eighteen feet wide, extending from the borough limits on the Harrisburg road into Carlisle street, up Carlisle street to the Square, up Baltimore street to Steinwehr avenue and out Steinwehr avenue to the borough limit on the Emmitsburg road. In addition the state will build Carlisle street from Lincoln avenue to Broadway and Baltimore street from Steinwehr avenue several hundred feet south.

The Borough and abutting property owners will be responsible for paving Carlisle and Baltimore streets at full width from the point where Stevens Street intersects Carlisle street to the point where Steinwehr avenue joins Baltimore street. This is the contract on which the State Highway Department will ask bids at an early date.

In addition, it is said, the Highway Department will ask bids on the stretch of road between Confederate avenue and the Peach Orchard which was only recently taken over by the State.

Parent-Teachers' Meeting.

The first meeting of the Parent-Teachers' Association in the new year was held on last Friday at the High School. The entertainment consisted of readings by Charles Sebold and selections by the Girls' Chorus of the High School.

Frank Kramer, assistant to Dr. C. F. Sanders at Gettysburg College, addressed the meeting on "Increasing the Efficiency of Our Schools." Attention was called to the fact that the school system of Pennsylvania ranked twenty-first in efficiency and that the school standard must be raised. The proper handling of pupils who fail in their work, encouragement to the dull ones who do not grasp their studies equally with the average, and intelligent study methods, the best home conditions possible during the study hour of the children, with a genuine co-operation between the home and school were pointed out as some of the steps to be taken to reach a higher school standard. The speaker expressed the opinion that school conditions in Gettysburg from his observation compared favorably with the best conditions in Pennsylvania and New Jersey. The one thing lacking in Gettysburg was a large, well equipped gymnasium for proper physical development, during the school months. The college gymnasium is being used by High School and Academy students as well as those from college. The demand here is for a large community gymnasium.

George Black of the School Board, Prof. H. Milton Roth, County Superintendent of Schools, and Miss Helen Cope, Supervising Principal of the Gettysburg Schools, addressed the meeting.

W. M. R. R. Reaching Out.

The selection of S. Ennes as general manager of the Wheeling and Lake Erie Railroad may have some special significance to the Western Maryland, it has been reported in railroad circles.

It is known that for a long time the Western Maryland interests have been looking with longing eyes toward the Wheeling and Lake Erie road as an outlet to the Great Lake regions and for the purpose of tapping the rich coal fields about the Wheeling section.

The building of a spur from the Wheeling and Lake Erie road to join the Western Maryland at Connellsville has also been an object in mind for some time. By a combination of the two systems, the company could have an outlet on the Great Lakes and also one on the Seaboard at Baltimore.

As Mr. Ennes was for some years with the Western Maryland and knows the needs and aspirations of that road, and it is presumed that in his new position with the Wheeling and Erie that he would be rather friendly with the local road and it may be that the Western Maryland interests have put him in his new position.

When 1920 Auto Tags Are Legal.

Judge Frank B. Wickersham, of Harrisburg, has decided that an automobile owner can not be fined for running his car with 1920 license when at the time he had applied for a 1921 license. One Vanderloo, Harrisburg, was fined \$10 by an alderman for running his car with a 1920 tag. It developed that Mr. Vanderloo applied and paid for a license January 4, was arrested January 6 for operating his machine with a 1920 license, and almost immediately afterward got his new tags. He was fined, however, the conviction was overruled and the case before the alderman dismissed by Judge Wickersham, who said it could not be sustained, as there was no evidence of an intent to violate the law.

"The motorist could not help it that he had not received the new license tags for which he paid, and the State Highway Department, with a big rush, was not responsible. Under the circumstances, the conviction could not be sustained, according to the testimony."

Township Supervisors to Convene.

The Annual Convention of the Supervisors' Association of Adams County, will be held in the Court House at Gettysburg, on Tuesday, February 1, 1921. The meeting will be called to order by the officers of the Association at 10 A. M. All of the township supervisors are urged to request to attend this convention as this is one of the most important duties of office of township supervisor.

A representative of the Township Division will be present and will explain and answer questions relating to the State Reward Act. This is of vital importance to Adams County and to every supervisor in the county because of the fact during the present year Adams County did not take full advantage of the provisions of this Act, and as the result, over \$3,000 went to other counties that should have been spent on the roads and bridges of Adams county.

Finds Large Roll of Money.

While driving along the road one evening about two weeks ago just at dusk, Chas. N. Dicks, of Hampton, noticed a small tin lunch box lying alongside the road. Thinking that perhaps some child had lost it and that he could find the owner, he picked it up and upon examination found that it contained ninety dollars in paper money. He found also several store bills that had the name of Elijah Van Dyke on them. Several days later Mr. Dicks learned that Van Dyke, who is a peddler, had lost a box containing \$90 on the road between Biglerville and Heidelsburg, where he had found the same. He went promptly to York Springs where he deposited the money in the First National Bank where Van Dyke can secure it. Mr. Dicks passed over the road about a half hour after Van Dyke who did not discover his loss until the next day.

A 25,000 Pound Blast.

The gigantic blast for which preparations have been in progress for three months at the quarries of the Bethlehem Mines Corporation, was fired on Monday evening. Thousands of cubic yards of earth and rock were loosened by the shot in which 25,000 pounds of powder were used. One entire side of the quarry was blown out, the charge pushing the earth and stone out of the bottom and causing the side of the quarry to slide down into the excavation. Because of the depth at which the charge was set the earth tremor was more pronounced and was felt for miles around. The charge was placed in 50 holes, each 65 feet in depth and 6 inches in diameter. The powder was fired by an electric contact. About four of these huge blasts are fired every year.

Hard to Trace Saying's Origin.

The original of "Where MacGregor sits there is the head of the table" remains in dispute. It is not in Scott's "Rob Roy" that Highland cattle poacher and lover of blackmail, while redressing his own injuries. But it was peculiarly a Scottish idea of precedence, shared, however, among all people. There is Johnny Groat's getagone house at the northeastern extremity of Scotland having these geometrical sides so that each son and head of eight Groat families could enter at his own door and sit at each upper end of an eight-sided table. Ralph Waldo Emerson in his "The American Scholar" says: "The great man makes the great thing. Where MacGregor sits, there is the head of the table." Now Theodore Parker, the famous Unitarian scholar, insisted that MacGregor was the proper name. But Cervantes in "Don Quixote" in chapter XXVI, says: "Sit there, clodpate cried he; for let me sit wherever I will that will still be the upper end and the place of worship to thee."

Don't Treat Kidneys Rough, Warns Dr. Carey, Specialist

Constant Flushing May Injure the Delicate Organism and Seldom Removes the Poisonous Deposits.

Now that Dr. Carey, kidney and bladder specialist, has retired from active practice, he generously warns people that even the smallest symptoms of kidney trouble should have serious attention.

Backache, for instance, puffiness under or specks floating before the eyes, heavy feet and dry skin, are also danger signals.

"Thousands die yearly because they neglect their kidneys," says Dr. Carey, "and I feel upon retiring that I should tell all who even suspect kidney or bladder trouble about my prescription, Marshroot, which, during my active practice, has cured thousands of all kinds of kidney ailments."

This prescription has been given to pharmacists generally throughout America and is dispensed by them under the name Dr. Carey's Marshroot, a name that every sufferer from kidney trouble should remember. Shuman's Drug Store can supply you

ARE YOUR KIDNEYS WELL?

Many Gettysburg People Know the Importance of Healthy Kidneys.

The kidneys filter the blood. They work night and day. Weak kidneys remove impurities to multiply.

No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles, If you are nervous, dizzy or worn out, Begin treating your kidneys at once; Use a proven kidney remedy. None endorsed like Doan's Kidney Pills.

Recommended by thousands. Proved by Gettysburg testimony. Mrs. N. L. Wierman, 135 York St., Gettysburg, says: "I suffered a great deal from backache and I often had nervous spells. When Doan's Kidney Pills were brought to my attention, I got some at the people's Drug Store and commenced their use. The backache was relieved and I was benefitted in every way. I gladly recommend Doan's Kidney Pills and advise other kidney sufferers to give them a trial."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wierman had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

MAY BE JUNIOR WHITE HOUSE

The point is being impressed upon Uncle Sam that he should furnish a suitable home for his vice president at Washington, and this historic old mansion is being pointed out to Congress as a fitting abode. It is the former home of Margaret Draper, who was the Princess Bismarck.

GOODY KITCHEN, SAYS CONGRESSMAN

She's not going to spend her time at Washington cooking for Congressmen, says Miss Alice Robertson of Washington, Okla., the only woman elected to Congress in the Harding landslide. Miss Robertson is the owner and manager of a restaurant at home and it was reported she would follow her success by conducting the House canteen when she arrived at Washington to take office. However, on this new picture was taken in a recent visit to the national capital, she affirmed stoutly that she was going to Congress to help make laws—not cook.

Roosevelt Portrait on Pa. Warrants

Mrs. Theodore Roosevelt has consented to the use of the portrait of her husband on the warrants of the auditor general of Pennsylvania during the term of Samuel S. Lewis, of York, elected to the office in November, and the likeness will be made from a photograph which Colonel Roosevelt gave to Mr. Lewis when he was appointed postmaster at York.

The auditor general's warrants are changed with each administration and all state expenditures are made by them. The present warrants bear a portrait of Robert Morris, the financier of the Revolution, while those of the Sisson administration had a picture of Perry at the Battle of Lake Erie. Mr. Lewis, who spent several years in Washington when Roosevelt was vice president and president, asked permission of Mrs. Roosevelt to use the autographed photograph given him when he was named to the office at York.

Mrs. Roosevelt replied that Mr. Lewis' letter had given her very great pleasure and added, "I am sure that photograph which my husband sent you will be the best to use on account of the association."

Clean Up Poison

Soaked Kidneys

Advises Dr. Carey

Thousands Die Every Year Because They Allow Poisonous Deposits to Accumulate in Kidneys.

Don't flush your kidneys with harsh makeshifts says Dr. Carey, they are too frail and delicately constructed to treat them rough.

For 40 years I have been prescribing Marshroot for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price.

Beware of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health.

If you have specks floating before the eyes, puffs under eyes, clammy feet or moist palms, backache or sideache you ought to get a bottle of Dr. Carey's Marshroot right away.

It has conquered thousands of cases of kidney and bladder disease and is the medicine you can always depend upon.

IMPORTANT—Dr. Daniel G. Carey has been a practicing physician for many years and his great prescription, "Marshroot," has cured thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and is only sold through drug stores in order to accommodate his patients. Shuman's Drug Store can supply you.

DR. FAHRNEY

DIAGNOSTICIAN

What is your weakness? Any kind of Chronic Disease or Deformity. I study these special cases and can tell what the trouble is. It is my aim to diagnose difficult cases and tell you what to do, and how to do it. Send me your name and address, and I shall do.

HAGERSTOWN, MD.

Pass the Flowers, Please!

When I cash in, and this poor race is run,
My chores, performed, and all my errands done,
Perhaps some folks who mock my efforts here

Will, weeping, bend above my lowly bier—
And bring large garlands worth three bucks a throw,
And paw the ground in ecstasy of woe—

And friends will wear crepe knots on their titles.

When I look down (or 'up) a million miles.

And wonder why those people never knew

How square I was before my spirit flew.

When I cash in, I shall not care a yen

For all the praise that's heaped upon me then;

Serene and silent in my narrow box,
I shall not heed the praise, for the display

Will be just fuss and feathers thrown away.

So, tell me now, while I am on the earth.

Your estimate of what my friendship's worth—

Oh, tell me what a loyal chap I am

And fill me full of taffy and of jam;
Spread it good, like honey's spread on bread—

Don't wait to shoot the bunk when I am dead.

TOO DANGEROUS TO OVERLOOK

Gettysburg People Will Do Well to Heed the Warning.

To have good health, the digestion, heart, lungs and kidneys must work perfectly. When there is anything wrong with the digestion, heart or lungs, a very noticeable pain or distress gives prompt warning. Kidney trouble is more easily overlooked, however, and too often gains a long start. But kidney trouble does give early signs, and backache, headaches, dizzy spells, rheumatic pains, too frequent, scanty or painful urination should not be neglected. When these warnings appear, use Doan's Kidney Pills, the reliable, successful, strongly recommended kidney remedy. Assist the medicine by taking things easier, reducing the diet and the use of liquors. A severe attack of kidney disease may be avoided. Doan's Kidney Pills have won the grateful praise of Gettysburg people. Read this Gettysburg resident's endorsement.

Harry H. Tawney, 9 Steinwehr Ave., says: "My back ached almost constantly and at times I could hardly get around. The kidney secretions gave me much annoyance by passing so irregularly. I was lame and stiff too. I bought Doan's Kidney Pills at the People's Drug Store and they permanently cured me. I have been in good health ever since. I know of a number of other people who have taken Doan's Kidney Pills and have received benefit."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tawney had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
